

Arkansas State Highway and Transportation Department  
**Projects to be Advanced Using  
 American Recovery and Reinvestment Act (ARRA) Funds**  
**Certified July 27, 2010**

Project Information Updated March 11, 2011

*These projects are included in the current Statewide Transportation Improvement Program (STIP) or have been added by Administrative Modification or Amendment. Award amount and length also includes any change orders to the project.  
 A circle (●) following the State Project Number indicates a project using funding suballocated to metropolitan areas. An asterisk (\*) following the County indicates a multiple (2 or more) county project. Shading indicates project has been completed.*

<b>COMPLETED (90 PROJECTS) - SUB-TOTAL</b>					200.68	\$ 107,678,327					

NOTE: The Estimated Cost is greater than ARRA funds available. These projects will obligate \$361,894,468 of ARRA funds, which includes \$15,712,278 suballocated to metropolitan areas in Arkansas. Therefore, some projects will be partially funded with ARRA funds, with the balance funded from other Federal-aid, State and/or local funds as appropriate. Traffic signal and county road projects will be funded with 80% Federal-aid funds. Traffic signal/intersection improvement projects are limited to a maximum of \$350,000 Federal-aid funds. The Estimated Cost will be adjusted as projects are let to contract. Since the Award Amount for most projects has been less than the Estimated Cost, additional projects are being added to fully utilize all available ARRA funds. Please check this website periodically for updated project information.
