

Title: Aircraft Pilot	Effective Date: August 1, 2003	Grade: XIV	Job Category: Professional
Prior Title: Aircraft Pilot	Prior Effective Date: July 1, 1983	Grade: XIV	Page: 1 of 1

CHARACTERISTICS OF WORK

This position is accountable for the maintenance and operation of the Department's aircraft to ensure safe and economic service.

EXAMPLES OF WORK

The following examples are intended only as illustrations of various types of work performed. No attempt is made to be exhaustive. Related, similar, or other logical duties are performed as assigned. The Department may require employees to perform functions beyond those contained in job descriptions. The Department may modify job descriptions based on Department needs. The Arkansas State Highway and Transportation Department is an "at will" employer.

- Schedule, direct, and coordinate maintenance of the aircraft to assure safe and economic operations.
- Project and recommend operating and maintenance budgets to ensure continuity of maintenance and upkeep, and to maintain a level of proficiency in flying to ensure safe, correct, and economic operation of the aircraft.
- Conduct aerial photographic missions for use in cartography and highway project development.

MINIMUM REQUIREMENTS

Commercial pilot's license with instrument and multi-engine ratings properly certified by the FAA, having a minimum of 3,500 logged flying hours, 1,500 hours of which are in multi-engine aircraft, 500 hours of which are in turbo-prop aircraft, 100 hours of which are in Beech King Air 200 model aircraft, and 100 hours in Cessna 206 model aircraft. Ability to successfully complete annual FlightSafety International or SimuFlite ground and flight school for Beech King Air 200 model aircraft. Thorough knowledge of all pertinent local, state, and federal flying regulations.
