

**PREFORMED BRIDGE JOINT SEAL**

D. S. Brown Company

North Baltimore, OH

Watson-Bowman &amp; Acme Corp.

Amherst, NY

**Method of Documentation of Acceptance:** Acceptance by the manufacturer's submittal of drawings showing proposed seal dimensions and tolerances, including distance from roadway surface to seating lugs to provide clearance from surface to top of seal (drawings approved by Bridge Engineer). The brand and manufacturer if not listed above must be approved prior to use.

**Method of Approval for Materials to be added to this Qualified Products List:**

1. Qualification of a preformed joint seal manufacturer is based on the submittal of drawings showing proposed seal dimensions and tolerances, including recommended clearance from the roadway surface, and test results from a recognized laboratory.
2. When deemed necessary by the Materials Engineer and at a frequency determined by him, random samples will be taken and tested.
3. Material failure of project and/or random samples will be considered sufficient reason to discontinue acceptance of a material from a manufacturer, determination of which shall be made by the Materials Engineer.
