PULASKI COUNTY (07-20) – Work on Interstate 630 will require a lane closure in Little Rock, according to Arkansas Department of Transportation (ArDOT) officials.

Weather permitting, crews will close the I-630 eastbound outside lane at the interchange with University Avenue (Exit 5) to place pavement markings. Eastbound ramps within the work zone will remain open during the improvements. This work will occur during overnight hours Tuesday, July 21 and Wednesday, July 22 between 8:00 p.m. and 6:00 a.m.

Traffic will be controlled with construction barrels and signage. The public is advised to be cautious when traveling in the work zone and watch for slower traffic speeds.

This project (Job CA0608) is part of ArDOT’s Connecting Arkansas Program, which is funded through a 10-year, half-cent sales tax. Interstate 630 has been widened for 2.2 miles between the Big Rock Interchange and University Avenue. The widening was substantially complete in April 2020. More information on this $87.4 million project is available at ConnectingArkansasProgram.com.

Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ArDOT.gov. You can also follow us on Twitter @myArDOT.
