applicable staff. The Title VI liaisons will meet on an annual basis or as needed to assist in developing ARDOT’s Annual Goals and Accomplishments Report (see Appendix C - Organizational Chart).

IV. PROGRAM REVIEW PROCEDURES

Procedures:
ARDOT’s seven major program areas are Transportation Planning & Policy, Environmental, Right of Way, Construction, System Information and Research, Program Management and Roadway Design.

These areas are reviewed on an annual basis for FHWA’s Title VI Goals and Accomplishments Report. The objective of the review process is to understand the processes of each program area to ensure equality and open access to all members of the public. The review process is also used to summarize and highlight efforts of each program area for conducting outreach and providing better access to ARDOT’s programs and activities for minority, low-income, and LEP populations.

The Title VI Coordinator provides each program area liaison a list of questions related to Title VI, LEP and EJ to initiate the reviews.

Program Areas:

Transportation Planning and Policy Division – The Transportation Planning and Policy (TPP) Division is responsible for providing long range multimodal transportation planning for the state, conducting studies of transportation needs, assisting cities and counties in transportation planning, and publishing information and recommendations relative to transportation issues. The TPP Division coordinates transportation planning activities with metropolitan and regional planning agencies, other ARDOT Divisions and Districts, federal partners, public citizens, and other stakeholders. The Division also maintains information for economic, financial, and planning studies to support ARDOT’s policy decisions. Tourist, city and county maps are produced, printed and distributed. The Highway Safety Improvement Program, Public Transportation Program, and railroad related activities are managed in the TPP Division.

The following are the eight (8) Metropolitan Planning Organizations (MPOs) in Arkansas:

- Frontier Metropolitan Planning Organization
  Fort Smith, Arkansas and Pocola, Oklahoma Urbanized area
- Jonesboro Metropolitan Planning Organization
  Jonesboro, Arkansas Urbanized Area
MPO’s annually provide the United States Department of Transportation (USDOT) Standard Title VI/Non-Discrimination Assurances DOT Order No. 1050.2A in their United Planning Work Plans (UPWP) that are approved by ARDOT and FHWA (FHWA approves for FHWA and FTA).

**Environmental Division** – The Environmental Division of ARDOT is primarily responsible for ensuring that ARDOT adequately addresses and documents the impacts of highway projects on the natural and social environment in compliance with regulations set forth in the National Environment Policy Act (NEPA), as well as other state and federal laws pertaining to environmental protection.

It is FHWA’s policy to develop, enhance, and maintain environmental staff expertise, and encourage state transportation agencies to do the same. To accomplish this mission and to be consistent with FHWA’s policy, the Environmental Division has developed a process that is capable of evaluating, documenting, and monitoring nearly all of the potential social, economic, and environmental impacts of ARDOT’s construction and maintenance activities. The Division’s in-house staff has evolved into an interdisciplinary staff of project managers and professional staff capable of providing complete environmental evaluations of transportation projects.

**Construction Division** – The Construction Division administers all contracted highway projects primarily through the 31 Resident Engineers located statewide. The responsibilities this Division is charged with on all phases of the contract until the project is completed and the contractor is paid in full are:
- Coordinating between the various divisions which are involved in the contract.
- Consulting with the Resident Engineer, District Engineer, the FHWA, utilities and other divisions on construction problems.
- Inspecting records and field work, including review and approval of all changes to the contract.
- Processing current and final estimates.
- Training of employees in order to promote statewide uniformity in the application of specifications.

**Right of Way Division** – The Right of Way Division is charged with the responsibility of acquiring and managing all rights of way necessary for the construction and maintenance of highways in the State of Arkansas. The Division is also responsible for the adjustment of utility facilities necessary for the construction of highways.

**Roadway Design Division** – The Roadway Design Division is responsible for the design and preparation of plans for all projects to construct or reconstruct roadways on the Arkansas Department of Transportation System. The design of these roadways include, but is not limited to, geometric design, hydraulic design, pavement design, and design of sediment and erosion control devices. The construction plans developed by Roadway Design also includes plans for maintenance of traffic, signing and striping, and plans for permanent striping. The Roadway Design Division also has the responsibility to establish the amount of additional land (proposed right-of-way) needed to construct a roadway.

On most of the projects designed in this Division, public meetings are held. Personnel in Roadway Design are present at these public meetings to explain the proposed design. Along with the design and plan preparation, this Division is responsible for the calculation of all quantities needed to construct the roadway. Roadway Design is responsible for the contract cost estimates for all projects developed by this Division, as well as projects developed by various other Divisions. This Division oversees and reviews all consultant designed plans developed for construction of roadways on the State Highway System and also aids cities in the design and preparation of contract plans and specifications on federally funded city street projects.

**System Information & Research Division** – The Research Section of the System Information and Research Division has the responsibility of making sure contracted and in-house research projects are in compliance with Title VI of the Civil Rights Act of 1964. All contract Transportation Research Committee (TRC) projects are solicited to colleges and universities in the state of Arkansas, including MSIs.
The Research Section ensures that contract research projects are solicited without regards to race, color or national origin. MSIs in the state of Arkansas are not being denied the benefits of or excluded from participation in these projects. The Research Section makes sure that all recipients who receive federal funds through the state meet civil rights requirements. A summary of minority faculty and students working on TRC projects by race and sex is compiled and sent to EEO each fiscal year.

**Program Management Division** – The Program Management Division is responsible for effectively assisting in the pre-construction phases of projects, maintaining and reporting information related to construction projects.

The Construction Contract Procurement Section has two primary responsibilities. The first is advertising, letting and award of highway construction contracts. This includes contractor prequalification, selling plans, proposals and specification books.

The Program Support Section handles a variety of functions. They assign state and federal-aid project numbers, open, close and adjust funding allotments, request authorization to obligate federal funds, and manage the balance of all federal-aid funding categories. They also maintain a database and create location maps for all ARDOT projects. Every year they assist in updating the four-year Statewide Transportation Improvement Program which is a list of projects to be funded within that timeframe.

The Local Federal-aid Project Administration Section is responsible for administering ARDOT’s Partnering Program, Surface Transportation Program (STP) Attributable Program, Scenic Byways Program, and the Transportation Alternatives Program.

**V. SPECIAL EMPHASIS PROGRAM AREAS**

Based on the information collected through the program area liaison annual reports, the Title VI Coordinator will determine whether or not a program area will be identified as a “Special Emphasis Program Area.” If a “Special Emphasis Program Area” is identified, a plan will be drafted on how best to remedy the trend or pattern of discrimination. The Title VI Coordinator will notify ARDOT’s Director, who will ensure that the program area complies with the remediation plan. ARDOT does not currently have any “Special Emphasis Program Areas.”

**VI. SUB-RECIPIENT REVIEW PROCEDURES**

ARDOT is a direct recipient of federal financial assistance, in which all recipients are required to comply with nondiscrimination laws and regulations, including Title VI of the Civil Rights Act of 1964.
Therefore, ARDOT and its sub-recipients of federal-aid funds must ensure that all of its programs and activities are conducted in a nondiscriminatory manner. The Title VI Coordinator will conduct compliance reviews of Local Public Agencies (LPA’s), Transit grantees, MPO’s, universities, colleges and other sub-recipients of federal financial assistance to determine scope of compliance with Title VI requirements.

ARDOT’s Title VI Coordinator or designee will conduct sub-recipient onsite compliance reviews annually to ensure the following:

1. Ensure compliance with Title VI
2. Provide technical assistance in the implementation of the Title VI Program
3. Correct deficiencies, when found to exist

Sub-recipients will be notified within fourteen (14) calendar days of the upcoming Title VI review by certified mail and via electronic mail (e-mail). The e-mail will also include a copy of the Title VI Compliance Review Questionnaire to entail questions to be asked during the review. (see Appendix D)

During the onsite reviews Title VI staff will conduct interviews and discuss reporting and data collection practices, public notification practices, examine public notification participation practices, examine the efficiency of Title VI complaint procedures, and make verbal and written recommendations towards best practices. If deficiencies are found, they will be reviewed in accordance with ARDOT’s compliance review procedures along with a report of findings. If no deficiencies are found, a formal letter of full compliance will be provided within 30 calendar days of onsite review. The Title VI Coordinator will determine if additional monitoring is needed to ensure ongoing compliance with Title VI requirements.

VII. DATA COLLECTION AND ANALYSIS

ARDOT is required by federal regulations to collect statistical data on the race, color, national origin, age, sex, disability, LEP, and income status of participants in and beneficiaries of its programs. ARDOT’s Title VI Coordinator works with program areas to collect data on an annual basis and analyzes for trends. Collected data is reported in ARDOT’s Annual Goals and Accomplishment Report.

VIII. TITLE VI TRAINING

As a direct recipient of federal assistance, ARDOT is required to comply with Title VI laws, related statutes and regulations. It is recommended that any agency receiving
federal financial assistance from ARDOT, receive training on transportation related Title VI laws and regulations. ARDOT will provide training in such areas as:

- Overview & Compliance
- Limited English Proficiency
- Environmental Justice

ARDOT’s Title VI Coordinator is responsible for coordinating and providing training as needed or requested. Responsibilities will include obtaining resources personnel from FHWA, FTA and other resource agencies as available.

IX. COMPLAINT PROCEDURES

ARDOT has adopted a complaint procedure providing for prompt and equitable solution of complaints alleging any action prohibited by the U.S. Department of Justice regulations including but not limited to Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Civil Rights Restoration Act of 1973, Civil Rights Restoration Act of 1987, Americans with Disabilities Act of 1990, Executive Order 12898 and Executive Order 13166.

Any person believing he or she has been excluded from, denied participation in, denied the benefits of, or otherwise has been subjected to discrimination under any ARDOT service, program, or activity (whether federally funded or not) due to that person’s race, color, national origin, religion (not applicable as a protected group under the FMCSA Title VI Program), sex, age, disability, LEP, or economic status has the right to file a complaint. ARDOT’s Personnel Policy governs employment-related complaints of discrimination.

The complaint should be in writing and contain information about the alleged discrimination such as name, address, phone number of complainant and location, date, and description of the problem. Alternative means of filing complaints, such as personal interviews or a tape recording of the complaint will be made available for persons with disabilities upon request.

The complaint should be submitted by the complainant and/or his/her designee as soon as possible, but no later than 180 calendar days after the alleged violation to:

Joanna P. McFadden, Section Head – EEO/DBE (ADA/504 and Title VI Coordinator)
P.O. Box 2261
Little Rock, Arkansas 72203
Email: Joanna.mcfadden@ardot.gov
Telephone: (501) 569-2298 (voice/TTY 711)
Within 15 calendar days after receipt of the complaint, the Title VI Coordinator or designee will contact the complainant to discuss the complaint and the possible resolutions. Within 30 calendar days of the meeting, the Title VI Coordinator or designee will respond in writing, and where appropriate, in a format accessible to the complainant, such as large print, Braille or audio tape. The response will explain the position of the Arkansas Department of Transportation and offer options for substantive resolution of the complaint.

If the response by the Title VI Coordinator or designee does not satisfactorily resolve the issue, the complainant and/or his/her designee may appeal the decision of the response to the Federal Highway Administration (FHWA).

ARDOT will retain a log of all Title VI complaints received by the Title VI Coordinator for at least five (5) years. The log shall include the date the complaint was filed, a summary of the allegations, the status of the complaint, and actions taken in response of the complaint.

Alternate formats of this policy (large print, Braille, audiotape) are available upon request. Please contact Joanna McFadden at (501) 569-2298 (voice/TTY 711). (see Appendix E)

X. DISSEMINATION OF TITLE VI INFORMATION

To ensure community outreach and public education as it relates to the Title VI Program, Title VI information is developed for dissemination to the general public by the Public Affairs Officer; who is responsible for preparing the information and presiding at all public listening sessions, meetings, and hearings.

Public Involvement Plan

The Public Involvement Section is responsible for ensuring compliance with NEPA regulations pertaining to “early and ongoing” public involvement during the project development process, including scheduling and conducting public involvement meetings and hearings, as well as, publishing legal notices for public hearing offerings. The meeting’s time, location and nature of the proposed project will be described in news releases through local print, broadcast media and flyers distributed in the project area. Public involvement meetings are also posted on ARDOT’s website. All meeting facilities are in compliance with the Americans with Disabilities Act of 1990.

Title VI/ADA Notice of Non-Discrimination

ARDOT provides posters and brochures at every public hearing and meeting. These program posters and brochures are available in languages other than English, as needed or upon request. Furthermore, current copies of ARDOT’s Notice of
Nondiscrimination to the Public are available and accessible at all ARDOT buildings statewide and on ARDOT’s public website at www.ardot.gov (see Appendices F & G).

XI. LIMITED ENGLISH PROFICIENCY (LEP)

WHAT IS LIMITED ENGLISH PROFICIENCY

LEP refers to individuals who do not speak English as their primary language and who have a limited ability to read, write, speak or understand English and, therefore, are entitled to language assistance under Title VI of the Civil Rights Act of 1964 with respect to a particular type of service, benefit or encounter.

AUTHORITY

Title VI of the Civil Rights Act of 1964 (Title VI) states that no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.

Executive Order (EO) 13166 - Improving Access to Services for Persons with LEP set forth the compliance standards that recipients must follow to ensure that the program and activities they normally provide in English are accessible to LEP persons and thus do not discriminate on the basis of national origin in violation of Title VI of the Civil Rights Act of 1964, as amended, and its implementing regulations. Recipients must take reasonable steps to ensure meaningful access to their programs and activities by LEP persons.

Annual Accomplishment and Upcoming Goals Report to FHWA

Since Arkansas’ diverse population is ever evolving, it is important that ARDOT be innovative and proactive in engaging individuals from different cultures, backgrounds and businesses in planning, project development and other program areas.

The U.S. Department of Commerce, Bureau of the Census, conducts the American Community Survey (ACS). The ACS replaced the decennial census long form in 2010 and thereafter by collecting long form type information throughout the decade rather than only once every 10 years.

Questionnaires are mailed to a sample of addresses to obtain information about households -- that is, about each person and the housing unit itself. The American Community Survey produces demographic, social, housing and economic estimates in the form of 1-year, 3-year and 5-year estimates based on population thresholds. The strength of the ACS is in estimating population and housing characteristics.

The 2010-2014 American Community Survey 5-Year Estimates (Table DP05-ACS Demographic and Housing Estimates) is the source of the population information included in this program. In the ACS, respondents may identify as a single race or as a combination of races. People who identify their origin as Hispanic, Latino, or Spanish may be of any race. LEP is a subset of National or Hispanic Origin. A breakdown of the total population in Arkansas follows:

According to the U.S. Department of Commerce, Bureau of the Census, there are 89,599 Arkansans who speak a language other than English and speak English less than well. The following table includes geographies and languages that surpass LEP Safe Harbor provisions.

*Languages and counties below safe harbor levels removed for clarity

FOUR FACTOR ANALYSIS

The key to providing meaningful access for LEP persons is to ensure that effective communication exists between ARDOT and the LEP person. To accomplish effective communication, the following actions and/or discussions will be performed:

- A needs assessment to determine the extent of ARDOT’s obligation to provide LEP services. The assessment includes the following four factors: (1) the number or proportion of LEP persons eligible to be served or likely to be encountered by a program, activity, or service of ARDOT or grantee; (2) the frequency with which LEP individuals come in contact with the program; (3) the nature and importance of the program, activity, or service provided by ARDOT to people’s lives; and (4) the resources available to ARDOT and costs.

- Provide language assistance services (oral or written).

- Develop an effective implementation plan on language assistance for LEP persons. This plan will include: (1) identifying LEP individuals who need language assistance; (2) language assistance measures; (3) training staff; (4) providing notice to LEP persons; and (5) monitoring and updating the LEP plan.

NEEDS ASSESSMENT

The U.S. Census reports that of the 89,599 persons in Arkansas, who could be considered LEP, 68,847, or 76.8%, speak Spanish or Spanish Creole. Spanish or Spanish Creole speakers are found in numbers or as a percentage of the population great enough to surpass Safe Harbor provisions in thirteen counties. Vietnamese and Other Pacific Island languages each surpassed the safe harbor provision in one county.
ARDOT also evaluated its programs and/or service areas utilizing the four-factor analysis and determined that ARDOT meets the criteria to have a LEP program for the Hispanic community.

1) There are twelve additional counties, primarily, in the western part of the State, with a higher percentage share of LEP persons than the overall State average (3.3%), although no county meets the LEP Safe Harbor population percentage threshold (5%).

The number of LEP persons exceeds the LEP population threshold (1,000) in sixteen counties: thirteen through Spanish/Spanish Creole speakers and one each in Vietnamese and Other Pacific Island language. One county’s LEP population is a composed of a combination of languages that do not individually meet the LEP threshold. Therefore, ARDOT and its sub-recipients will provide language assistance in thirteen counties in the languages indicated above, as needed.

LEP persons interact with ARDOT’s public transportation programs primarily in two ways. The first is through the development and review of planning documents – Annual Grants’ Program of Projects, Transit Coordination Plans, State Management Plans, STIP/TIPs, UPWPs, etc. The second is through the delivery of transit service.

ARDOT is a Primary Recipient under FTA funding and is responsible for program oversight of sub-recipient transit providers. ARDOT is not a Direct Recipient under FTA funding and does not provide transit service. Therefore, ARDOT ensures that schedules, route/fare changes and policies are adequately conveyed to LEP persons in the aforementioned counties through oversight and monitoring of its sub-recipients who consult census block and tract level data in their LEP analysis.

For planning documents and Notices of Federal Transit Funding Availability, ARDOT provides notices to the statewide Hispanic paper to inform this group of transit activities. There has been no reporting of communications problems.

2) ARDOT staff rarely comes in contact with Hispanic or LEP persons. Even at public meetings for ARDOT or MPO planning documents, although always informed of the meeting, these groups rarely attend. ARDOT has not performed any bus ridership or operator surveys to ascertain the frequency of LEP person use.

3) The more frequently ARDOT’s program and/or service come in contact with LEP persons, the more language assistance services will be provided. The 5311
Rural Transit programs have translators on staff or available to their program on an as needed basis.

4) ARDOT maintains a database on LEP interpreters and translators. These persons are available to public transportation staff and to transit agencies for public and other meetings as needed. Costs incurred by ARDOT's public transportation staff or by public transit agencies may be reimbursed by the FTA through the various transit programs.

**LANGUAGE ASSISTANCE (ORAL AND WRITTEN)**

If individuals need oral language assistance, the Arkansas Spanish Interpreters and Translators (ASIT) will be utilized.

Information for free language assistance will also be posted in public areas, such as welcome centers and rest areas.

Based on three of the four-factor analysis, ARDOT identified written documents and/or materials that were translated into Spanish, which comprises 77% of the state’s LEP community.

ARDOT will continue to review documents and/or materials to determine if translation is necessary, utilizing the "safe harbor" approach. ARDOT, on a case-by-case basis, will determine if ASIT will translate the written documents/materials or if it would be more cost effective for the sub-recipient to translate the documents.

**NOTIFICATION OF LANGUAGE ASSISTANCE**

ARDOT will notify the identified LEP communities that they have a right to free language assistance that includes documents and/or materials printed in their language. Notification regarding the availability of the services will be provided through neighborhood community meetings, brochures, minority radio stations and newspapers, and information disseminated to the public by ARDOT. Detailed information on how a community was notified of the right to free language assistance is provided in ARDOT's Nondiscrimination Statement.

**STAFF TRAINING**

Training will be provided to staff members on policies and procedures concerning language assistance and ways to determine whether an individual needs assistance services. ARDOT and sub-recipients will provide training to employees who are most likely to come in contact with LEP individuals who need language assistance.
MONITORING AND UPDATING THE LEP PLAN

ARDOT will provide notice of any changes in services to the LEP public and employees and develop a process for determining, on an ongoing basis, whether new documents, program services and activities need to be made accessible to LEP individuals. ARDOT will periodically evaluate the plan to determine if changes have occurred in:

1. Current LEP populations in the service area or population affected or encountered.
2. Frequency of encounters with LEP language groups.
3. Nature and importance of activities to LEP persons.
4. Available resources, including technological advances and sources of additional resources, and the cost imposed.
5. The needs of LEP persons.
6. The staff’s knowledge and understanding of the LEP plan and how it is implemented.
7. The identified sources for assistance, to ensure they are still available and viable.

The data collected will be from various sources, such as ARDOT’s staff, including members of the Title VI Multi-Disciplinary team, meetings with the State Director of the League of the United Latin American Citizens and the Arkansas Department of Education, among others.

VOLUNTARY COMPLIANCE EFFORTS

The goal for Title VI and Title VI regulatory enforcement is to achieve voluntary compliance. The requirement to provide meaningful access to LEP persons is enforced and implemented by the Department of Justice (DOJ) through the procedures identified in Title VI regulations. These procedures include complaint investigations, compliance reviews, efforts to secure voluntary compliance, and technical assistance.

Title VI regulations require the DOJ to investigate whenever it receives a complaint, report, or other information is received that alleges or indicates possible noncompliance with Title VI or its regulations.
XII. ENVIRONMENTAL JUSTICE (EJ)

In 1994, Executive Order (EO) 12898 Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations was issued. EO 12898 emphasized a federal agency’s responsibility to make environmental justice a goal by identifying and addressing the effects of programs, policies and activities on minority and low-income populations. This is accomplished by involving the public in developing transportation projects that fit within their communities without sacrificing equity, environmental justice, and safety. ARDOT’s Environmental Division fulfills this requirement by following the NEPA process.

XIII. REVIEW OF ARDOT DIRECTIVES

ARDOT’s policy directives and procedural directives will be reviewed for possible Title VI implications. If a directive is deemed to have potential discriminatory results, the issue will be brought to ARDOT’s Director.

XIV. COMPLIANCE & ENFORCEMENT PROCEDURES

Trends or patterns of discrimination can be identified through annual program area reviews, sub-recipient reviews, investigating Title VI relevant data or discrimination complaints. ARDOT will actively pursue the prevention of Title VI deficiencies and violations and will take the necessary steps to ensure compliance with all program administrative requirements, both within ARDOT and its sub-recipients receiving federal highway funds.

When deficiencies occur in the administration of the federal-aid highway program's operation, corrective action will be taken to resolve Title VI issues. ARDOT will result to writing a Voluntary Corrective Action Plan (VCAP) agreed upon by ARDOT and FHWA to be necessary within a period not to exceed 90 days.

ARDOT will seek the cooperation of sub-recipients in correcting deficiencies found during their on-site reviews. ARDOT will also provide the technical assistance and guidance necessary to aid the sub-recipient to comply voluntarily. Sub-recipients placed in a deficiency status will be allotted a reasonable time frame, not to exceed 90 days after receipt of the deficiency letter, to voluntarily correct deficiencies.

When a sub-recipient fails or refuses to voluntarily comply with requirements within the time frame allotted, ARDOT will submit to the FHWA copies of the file and a recommendation that the sub-recipient be deemed non-compliant.

Nondiscrimination in the Federal Highway Program

The focal point of nondiscrimination law is Title VI of the Civil Rights Act of 1964, which prohibits discrimination on the basis of race, color, or national origin in any program or activity receiving Federal financial assistance. However, the broader application of the nondiscrimination law is found in other statutes, regulations, and Executive Orders. Section 328 of the Federal-Aid Highway Act of 1973 prohibits discrimination based on sex. The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 prohibits unfair and inequitable treatment of persons as a result of projects that are undertaken with Federal financial assistance. Section 504 of the Rehabilitation Act of 1973 prohibits discrimination on the basis of disability as does the Americans with Disabilities Act of 1990 (ADA). The ADA also prohibits discrimination in the provision of access to public buildings or requires that rest areas be accessible by wheelchair. The Age Discrimination Act of 1975 prohibits age discrimination.

Executive Order 12898 provides Environmental Justice for Minority and Low-income Populations. Executive Order 13166 provides language assistance to persons who are limited English proficient.

What programs are covered by Title VI?

Federally assisted programs address such broad and diverse areas as:
- Transportation (including transit)
- Construction
- Elementary, secondary, and higher education
- Health care, social services, and public welfare
- Parks and recreation
- Natural resources and the environment
- Employment and job training
- Law enforcement and the administration of justice
- Agriculture and nutrition
- Housing and community development

What discrimination is prohibited?

There are many forms of illegal discrimination based on race, color, sex, national origin, age, disability, religion (not applicable as a protected group under the FMCSA Title VI Program), LEP, or low-income status that can limit the opportunity of minorities to gain equal access to services and programs. Among other things, in operating a federally assisted program, a recipient cannot, on the basis of race, color, sex, national origin, age, disability, LEP, or low-income status either directly or through contractual means:
- Deny program services, aids, or benefits;
- Provide a different service, aid, or benefit, or provide them in a different manner than they are provided to others; or
- Segregate or separately treat individuals in any matter related to the receipt of any service, aid, or benefit.

How can I file a discrimination complaint?

You may file a signed, written complaint within 180 days from the date of the alleged discrimination. The complaint should include:
- Your name, address, and telephone number.
- The name and address of the agency, institution, or department you believe discriminated against you.
- How, why, and when you believe you were discriminated against. Include as much specific, detailed information as possible about the alleged acts of discrimination, and any other relevant information. Include names of individuals whom you allege discriminated against you, if you know them.
- The names of any persons, if known, who the ARDOT can contact for clarity of your allegations.

Please submit your signed complaint to the address on the front, attention of Joanna P. McFadden—EEO/DBE (ADA) Coordinator.
