HB 1726 **BOND ISSUE**

Authorizes the State Highway Commission to issue bonds for highway maintenance and improvements, upon approval by voters in a statewide election.

HB 1727 **GAS TAX**

Establishes additional fuel sales tax at the wholesale level, to be levied, only if the State Highway Commission is authorized by a statewide vote to issue highway maintenance and improvement bonds.
"As to the long-term solutions, it emphasizes that it is difficult to get a referral of this General Assembly out to the voters, and that I hope the leadership of our state and the business community and others will look at an initiated act that might go on the ballot for a highway program," he said. "Otherwise, we'll continue to debate the long-term solution in future sessions."
