Construction on Interstate 30 in Saline County
Requires Ramp Closures at U.S. Highway 67

SALINE COUNTY (6-7) – Construction to widen Interstate 30 to six lanes in Saline County
requires a temporary ramp closure at U.S. Highway 67, according to Arkansas Department of
Transportation (ArDOT) officials.

Weather permitting, the westbound exit ramp to Haskell at U.S. Highway 67 (Exit 114) will be
closed Monday night, June 10, between 10:00 p.m. and 6:00 a.m. Construction crews are
placing temporary striping and concrete traffic barriers that require the closure. Ramp traffic
can detour at Exit 116 (Sevier Street/South Street) in Benton and take the westbound frontage
road to State Highway 229 to avoid the temporary closure.

If inclement weather affects the work, a ramp closure may also be required Tuesday night,
June 11 and Wednesday night, June 12.

Traffic will be controlled with construction barrels and signage. The public is advised to be
cautious when traveling in the work zone. Areas adjacent to the interstate may experience noise
impacts during nighttime hours.

This project (Job CA0601) is part of ArDOT’s Connecting Arkansas Program and includes
widening 5.5 miles of Interstate 30 to three lanes in each direction, from the interchange with
U.S. Highway 70 (Exit 111) to Sevier Street in Benton (Exit 116). The project also includes
improvements at the Highway 67 interchange (Exit 114). More information on this $187.3
million project is available at ConnectingArkansasProgram.com.

Drivers should exercise caution when approaching and traveling through all highway work
zones. Additional travel information can be found at IDriveArkansas.com or ARDOT.gov. You can
