Construction Requires Overnight Lane Closures on
Interstate 630 in Little Rock

PULASKI COUNTY (6-24) – Construction to widen Interstate 630 requires overnight lane
closures in Little Rock, according to Arkansas Department of Transportation (ARDOT)
officials.

Weather permitting, eastbound and westbound lanes on I-630 will be closed Monday night,
June 24 through Thursday night, June 27, from 9:00 p.m. to 5:00 a.m to allow crews to
apply textured finishes to the Hughes Street and John Barrow Road bridges.

The inside and middle lanes of eastbound and westbound I-630 will be closed between
Baptist Hospital Drive and University Avenue.

The public is advised to be cautious when traveling in the work zone, and drivers may
consider finding alternate routes as delays may occur. Traffic will be controlled using signage
and barrels. Neighborhoods adjacent to the interstate may experience noise impacts during
nighttime hours.

This project (Job CA0608) is part of ARDOT’s Connecting Arkansas Program, which is funded
through a 10-year, half-cent sales tax. Interstate 630 is being widened to four lanes in each
direction (eight total) for 2.2 miles between the Big Rock Interchange and University Avenue.
The widening is estimated to be complete in early 2020. More information on this $87.4
million project is available at ConnectingArkansasProgram.com.

Drivers should exercise caution when approaching and traveling through all highway work
zones. Additional travel information can be found at IDriveArkansas.com or ARDOT.gov. You
can also follow us on Twitter @myARDOT.
